

Job Description

- Owner:** Flaum Management
- Location:** Frontier Commons Plaza
Jefferson Road, Henrietta New York
- Type of Project:**
- Rehabilitation of pavement, including drainage repairs.
 - Existing Pavement totally failed due to poor drainage and age.

Parking Lot Drive

Services by DiFiore Group

DiFiore Construction:

- Perimeter, Fire Lane, and Roadway pavement removal.
- Placed 3" Foam Asphalt Base and 1.5" Hot Asphalt Surface.
- Parking areas resurfaced with level course and 1.5" Top.

FoamMaster

- Foam Recycled Asphalt Base
- Mix Design
- QC/QA testing

Parking Lot

Savings to the Owner

- Primary cost of project was surface asphalt which was not changed.
- Use of Foam Recycled base in lieu of disposal of pavement and replacement with hot asphalt base saved \$30,000.00 on a \$300,000.00 project.
- Removal of pavement allowed for drainage improvements as opposed to resurfacing originally proposed.

Parking Lot Drive

Job Description
