

Job Description

Owner: Xerox Corporation
Location: Manufacturing Facility in Webster New York
Type of Project: Pavement repaired to roadways, parking areas, and truck storage areas.

Xerox Roadway

Services by DiFiore Group

DiFiore Construction:

- Various repairs under a service contract with Xerox.

FoamMaster:

- Provided Plant Mix Foam Asphalt

Savings to Xerox

- Xerox was one of the first to accept FoamMaster as an alternate to the proposed Hot Mix Asphalt base saving \$60,000.00 on cost of Material.
- Truck Storage Facility - Pavement was rutted and shoved from heavy truck traffic. Money was not budgeted for reconstruction. A 4" lift of specially designed Foam Recycled Asphalt was placed at a greatly reduced cost.

Truck Storage Facility
